

2019 Corvette Nationals Update

Hi All,

As we are all well aware, the Nationals are not far away now, and will be upon us very quickly. We have everything in place, and all is on track. It is going to be a fantastic, memorable, well organised event, and bookings are now filling up quickly. If you are considering coming? Don't ponder anymore, and DON'T DELAY, BOOK NOW. The Saturday 'Show N Shine' is the much anticipated event where we will all get to show off our pride and joy, and to show the public why we love our cars so much with their classic looks. You never know? You could possibly end up winning one of the sought after Nationals Trophies, but just remember your Corvette does not have to be of Show Quality, it is about being part of this event. It's about getting out and enjoying what we have organised for the Nationals, meeting new people and having a fantastic day.

This year we have organised something special for the Corvette Ladies to be pampered a little bit, while the Men can enjoy having a wander admiring the cars. We have organised for the Ladies to go across to Australia Fair, [which is directly across the road from the Broadwater Parklands,] to have a Morning/High Tea, and to have a natter whilst the Car Show is on. Ladies, if you are interested? Please let Elaine know so she can put you on the list and organise numbers. This is of no extra cost, just a little something we as a club have decided to do.

The Outback Spectacular is a brand new show for 2019, and it looks to be one of the best shows they have produced so far, with special guests, Robert Colby and Mark Mitchell. We are the only State lucky enough to have this show at our door step.

Sunday Track day is filling up quickly, so if your inner demon wants to escape? This will be the best place to do it, as the event will be well supervised with strict guidelines to adhere to. If this sounds like you? You never know? You could come away with a Trophy or two. For those who wish to have a more serene Sunday? The drive up to Mt Tamborine through Sub Tropical Rain Forrest will be well worth it. Heritage Wines Estate, where we will be having a BBQ lunch, has just had a complete renovation upgrade, and the views of the Gold Coast are picture perfect. For those of you with a keen eye and memory? We will be having an observation run included, so you may not win a Trophy from Track day, but you could take out the Prize for most correct answers.

Our Gala Dinner will be a night not to be missed. Not only is it where the coveted Trophies are awarded, but we will be having our Clubs 30th Anniversary this year, and we would like to celebrate this milestone with our other club cousins. This event will be Semi-formal.

Monday will be upon so quickly, and we will be having a farewell breakfast at the resort to wish all of our Club cousins a safe journey home, and to look forward to doing it all again in 2020 in SA. Looking forward to seeing you all, and thanks.

Sincerely,

Glenn Miller. QCC President.

Elaine Lamont. QCC Secretary.
